NOW you can finally take control of your health
with a **REMARKABLE WEIGHT LOSS PROGRAM.**

Our patients lose an average of
12 POUNDS PER MONTH!

Julia Rogers is proof that this plan works!

"I'm 46-years-old and I have had a weight issue off and on throughout the years. I have found out that losing weight involves a lifestyle change - not a diet. I am a patient of Dr. Dent and because I was concerned about my weight, he suggested that I talk to Jean Dickens, a Bariatric Nutritionist with Florence Wellness and Weight Loss. Now, I am on the their modified weight-loss program. The program, which I began on November 6, 2007, has not been hard to stick to and I have not been hungry. The weight loss has kept me motivated to stick with it. I have lost 30 pounds as of this January. What I like most about the program is the positive reinforcement and encouragement. I'm losing weight! Yeah!" - Julia Rogers, Marion
